**Re: Skyline Software Systems, Inc v. Keyhole, Inc. & Google Inc.**

Dear Saundra:

As we discussed this afternoon during our meet and confer conference pursuant to Local Rule 7.1(A)(2), Skyline has requested an adequate Rule 30(b)(6) deponent to testify about Defendants' client source code. As I mentioned, Mr. Jones was unable to adequately answer questions on this topic, referring to Mr. Rohlf as "the architect" of this particular portion of the software for the accused products.

Given that we first requested a new corporate designee on this topic over two months ago, I would appreciate your final response by the close of business (5:00 PM EDT) tomorrow. If we are unable to reach an agreement, we will be forced to seek the Court's assistance in this matter.

Thank you.

Very truly yours,

  
Geri L. Haight
